SKILLS

Languages: C++, Java, PHP, Python

Frameworks: Django, Laravel

Softwares:

- Premier Pro
- VS Code
- MS Office
- Figma

Soft skills: attended a training session under IUB to help develop interpersonal, communication and team building skills.

ACCOMPLISHMENTS

2022 - Achieved certification for a **web application**, that enables orphanage management, at **Independent University, Bangladesh (IUB)** through **TechFest**.

I see myself as an organized, growth-oriented and collaborative person who can advance under stress and make an effort to meet frantic deadlines.
I intend to motivate myself and my peers to reach our mutual goals and aspire to put forth a positive presence in the workforce and promote equity.

EXPERIENCE

December 2020-current

Private Home and Online Tutor, Mirpur, Dhaka, Bangladesh

- Assisted students of all skill levels in core subjects, including Math and English.
- Assessed student capabilities through age-appropriate tests, ascertaining areas of strength and weakness.
